FACULTY ASSOCIATION CTA/NEA CONTRACT

July 1, 2023 – June 30, 2026

This is an Agreement made and entered into this fifteenth day of January 23, 2024, between the MT. SAN JACINTO COLLEGE DISTRICT, hereinafter referred to as "District," and the MT. SAN JACINTO COLLEGE FACULTY ASSOCIATION CTA/NEA, hereinafter referred to as "Association". The contract shall be in full force and effect through June 30, 2026.

ARTICLE I: RECOGNITION

The District confirms its recognition of the Association as the exclusive representative for that unit of employees (hereinafter referred to as the Unit). The parties recognize that the Public Educational Employment Relations Board modified the existing unit in Case No. LA-UM-1047-E dated December 29, 2023. The Unit now consists of all full-time academic employees including (non-credit or adult education teachers), excluding part-time employees, and all Management, Supervisory, Confidential, and Classified employees.

Negotiations will continue on the hours, wages, and working conditions of the previously excluded non-credit or adult education full-time faculty.

ARTICLE II: DISTRICT RIGHTS

II A.

It is understood and agreed that the District retains all of its powers and authority to direct, manage and control to the full extent of the law. Included in, but not limited to, those duties and powers are the exclusive right to: determine its organization; direct the work of its employees; determine the times and hours of operation; determine the kinds and levels of services to be provided, and the methods and means of providing them; establish its educational policies, goals and objectives; ensure the rights and educational opportunities of students; determine staffing patterns; determine the number and kinds of personnel required and how they are to be selected; maintain the efficiency of District operations; determine the curriculum; build, move or modify facilities and make all room and office assignments; establish budget procedures and determine budgetary allocations;

determine the methods of raising revenue; contract out work; and take action on any matter in the event of an emergency. In addition, the District retains the right to hire, classify, assign, evaluate, promote, terminate, and discipline Unit Members as authorized by all applicable codes. All such matters, unless otherwise provided for in this agreement, are excluded from the grievance procedure.

II B.

The exercise of the foregoing powers, rights, authority, duties and responsibilities by the District, the adoption of policies, rules, regulations and practices in furtherance thereof, and the use of judgment and discretion in connection therewith, shall be limited only by the specific and express terms of this Agreement, and then only to the extent such specific and express terms are in conformance with law.

II C. Emergency Clause

II C1.

In cases of extreme emergency* necessitating closure of the college and/or suspension of classes, any provisions of this agreement conflicting with the necessary emergency procedures shall be suspended for the duration of the emergency. The District shall, within one (1) day or as soon as is physically possible, meet with Association representatives and attempt to reach an agreement on which sections of this agreement are affected and for what duration.

*Extreme emergency shall mean sudden and unexpected calamities such as earthquake, fire, flood and other occurrences which interfere with normal operation of the college.

II C2.

In cases of financial emergency, any provisions and terms of this agreement affected by reduction in funding to the District shall be suspended and reopened for negotiation when the District files public notice that current operating standards cannot be met and stipulates the amount of reduced funds.

ARTICLE III: ASSOCIATION RIGHTS

III A.

The Association and its members shall have the right to nonexclusive use of school facilities and equipment (excluding vehicles) at reasonable hours, including evening hours, subject to the established sign-up procedures and regulations, for Association business when such facilities are not otherwise in use.

III B.

The Association shall have the right to post notices of activities and matters of Association concern on Association bulletin boards. At least one of reasonable size shall be provided in areas frequented by Unit Members. The Association may use the District mail service and teacher mail boxes for communications to Unit Members. When requested, notification shall be given to the Superintendent/President as material is posted for the purpose of informing Association members and/or non-members of Association-related issues, concerns, and positions as well as the dates, times and agenda of formal Association meetings.

III C.

Authorized representatives of the Association shall be permitted to transact Association business on school property at any time as long as there is no interference with the normal operation of the College. At the request of the Superintendent/President, the Association shall provide advance notice, in writing, of all Association meetings.

III D.

Any Unit Member who is a member of the Association, or who has applied for membership, may sign and deliver to the District a written statement authorizing deduction of unit membership dues in the Association. Such authorization shall continue in effect from year to year unless revoked in writing. Pursuant to such authorization, the district shall deduct one tenth (1/10) of such dues from the regular salary warrant of the Unit Member each month for ten (10) months. Deductions for Unit Members who sign such authorization after the commencement of the school year shall be appropriately prorated to complete payments by the end of the school year.

III E.

The District shall not be obligated to deduct any amount from the Unit Member's pay which shall be used for political contributions.

III F.

With respect to all sums deducted by the District pursuant to authorization of the Unit Member, the District will remit such monies to the California Teachers Association accompanied by an alphabetical list of Unit Members from whom such deductions have been made, and indicate any changes in personnel from the list previously furnished.

III G.

The Association agrees to furnish any information needed by the District to fulfill the provisions of this Article.

III H.

Upon appropriate written authorization from the Unit Member, the district shall deduct from the salary of any Unit Member and make appropriate remittance for annuities, credit union, approved charitable donations, or any other plans or programs jointly approved by the Association and the District. A Unit Member who continues an assignment or employment with the District will be permitted to change the amount of such deductions once a year on date(s) mutually agreeable to the District and the Association.

III I.

The Association has the right to act as a grievant under the Grievance Article of this Agreement, except as provided in V-B1.

III J.

The Exclusive Representative of the unit has the right to consult on the definition of educational objectives, the determination of the content of courses and curriculum, and the selection of textbooks to the extent such matters are within the discretion of the District and the law.

ARTICLE IV: SAFETY CONDITIONS OF EMPLOYMENT

IV A. Enforcement Authority

The requirements for safe working conditions are established and maintained under the California Occupational Safety and Health Act of 1973 (CAL/OSHA). Enforcement and

rule-making authority is lodged with the Department of Industrial Relations. The Division of Industrial Safety has jurisdiction for inspection and the enforcement of standards; therefore, any disputes arising relating to Unit Member safety will be exempted from the grievance process.

ARTICLE V: GRIEVANCE PROCEDURES

V A. Definitions

V A1.

A "grievance" is a formal written allegation submitted on a mutually approved form by a grievant that the grievant has been adversely affected by a violation, misinterpretation or misapplication of provisions of this agreement.

V A2.

A "grievant" is a Unit Member or the Association filing a grievance herein.

V A3.

A "class action grievance" is a consolidation of several similar grievances into a single grievance. All grievants to be included will make their own written allegation and each will independently go through Level I and each will authorize such consolidation and agree to abide by that outcome. A class action grievance may be filed by the Association at Level II of the Grievance Procedure. At least one of the grievants shall be in attendance at each level of the class action procedure.

V A4.

A "Day" for the purpose of this Article, refers to any day as defined in Article VII A11. Since a "day" must fall within the work year of a unit member, any day not included in the Unit Member's work year shall not constitute a "day" in grievance procedures. However, if a Unit Member initiates grievance procedures with ten (10) days or less remaining in the work year, the grievance process shall proceed following the timelines for the normal work year. However, the grievance process may be suspended until the beginning of the following work year, should both the grievant and district agree in writing to do so.

V A5.

"Management Supervisor" or "Appropriate Dean" refers to the management employee who has immediate jurisdiction over the grievant.

V A6.

Time limits provided for at each level shall begin the day following receipt of the grievance appeal or written decision.

V B. Purpose

V B1.

Nothing contained herein shall be construed as limiting the right of any Unit Member having a grievance to discuss the matter informally with any appropriate member of the Administration and to have the grievance adjusted without intervention by the Association, provided that the adjustment is not inconsistent with the terms of this agreement. The District shall not agree to a resolution of the grievance until the exclusive representative has received a copy of the grievance and the proposed resolution, and has been given the opportunity to file a response.

V B2.

Since it is important that grievances be processed as rapidly as possible, the time limits specified at each level shall be maximums and every effort shall be made to expedite the process. The time limits may, however, be extended by mutual agreement.

V C. Informal Level

The grievant shall attempt informal resolution of a grievance in conference with the appropriate dean prior to initiating a grievance.

V D. Level I

V D1.

Within twenty (20) days after the alleged occurrence of the act or omission giving rise to the grievance, the grievant must present the grievance in writing on the appropriate District form to his/her appropriate dean. The grievance should be a clear, concise statement of the issue, the specific Article or Section of this agreement violated or misinterpreted, the circumstances involved, the date of any informal conference and the specific remedy sought. (See Appendix A)

V D2.

Within ten (10) days after a grievance is filed, a conference must be scheduled if requested by either party. At the conference either party may be accompanied by an advisor or representative.

V D3.

The appropriate dean's decision shall be communicated in a clear, concise written statement to the Unit Member and the Association within fifteen (15) days after receiving the grievance.

V E. Level II

V E1.

In the event the grievant is not satisfied with the Level I decision, the grievant may, within ten (10) days, appeal the decision to the Superintendent/President or his designee on the appropriate District form. This appeal shall include a copy of the original grievance, the decision rendered at Level I, and a clear, concise statement of the reason(s) for the appeal.

V E2.

Within five (5) days after the appeal is filed, a conference must be scheduled if requested by either party. At the conference either party may be accompanied by an advisor or representative. The conference shall be held at a time which would not interfere with normal operations of District.

V E3.

The Superintendent/President or designee shall communicate in a clear, concise written statement a decision to the Unit Member within fifteen (15) days after receiving the grievance.

V F. Level III (Optional Mediation)

V F1.

If the grievance is not satisfactorily resolved at Level II, the parties may mutually agree to non-binding mediation within 15 working days after receiving the Level II response.

V F2.

Within twenty (20) days after the parties have agreed to mediation, the association and the District shall attempt to agree upon a mediator. If they are unable to agree upon a mediator, the parties shall mutually request assignment of a mediator from the State Conciliation and Mediation Service.

V F3.

The mediator shall meet with the grievant (the Association shall be included only if the grievant has determined to allow intervention of the association) and the District for the purpose of resolving the grievance.

V F4.

Either party may terminate the optional mediation process at any time.

V F5.

If a resolution is achieved through the use of the mediation process, both parties shall sign a written statement to that effect, waiving the right to any further appeal of the grievance and thereby terminating the grievance.

V F6.

If the mediation does not successfully resolve the dispute, the Association may within ten (10) days of the termination, proceed to Level IV.

V G. Level IV Binding Arbitration

V G1.

If the grievance is not suitably resolved at Level II or Level III the Association may, within 30 days submit the matter to the State Mediation and Conciliation Service for binding arbitration.

V G2.

State Mediation and Conciliation Service shall be requested to submit a list seven arbitrators to the parties for their selection of an impartial arbitrator; and if no mutually acceptable selection is made by the parties then the parties shall take turns striking names from the list until one arbitrator remains. The order of striking shall be determined by a coin flip.

V G3.

The decision of the arbitrator shall be final and binding upon the parties, but the arbitrator shall have no authority to add to, subtract from or modify this agreement.

V G4.

Binding arbitration is subject to the following conditions:

1. shall not apply to any matter the District is defending in a civil proceeding
2. shall not apply to any salary issues that have been previously negotiated
3. the party that does not prevail in the arbitration shall pay 100% of the cost of the arbitrator
4. if settlement is reached during the pendency or arbitration proceedings, the costs shall be divided equally.
5. each party shall bear its own costs of presenting its case to the arbitrator.

If the procedure is not completed within the specified time by the appropriate management level handling it, the grievant may proceed to the next level.

V G5.

This level represents the final step in the grievance procedure. Completion of this step constitutes exhaustion of internal administrative remedies under this agreement.

V G6.

No reprisals of any kind will be taken by any Unit Member or representative of the Administration or the Board or by the Association against any grievant, any member of the Association, or any member of management, Trustee or other participant in the Grievance procedure by reason of such participation.

V G7.

When it is necessary for a representative designated by the Association to attend a grievance meeting or hearing during the work day, he/she shall, upon notice to the Superintendent/President by the Association President, be released without loss of pay in order to participate in the ongoing activities. Every effort shall be made to schedule meetings and hearings at times which would not interfere with normal

operations of District. Any Unit Member who is requested to appear in such scheduled meetings or hearings as a witness will be accorded the same right.

ARTICLE VI: UNIT MEMBER RIGHTS

VI A.

The District and Association recognize the right of a Unit Member to form, join, and participate in lawful activities of the Association and the equally alternative right of a Unit Member to refuse to form, join, and participate in Association activities.

VI B.

A Unit Member shall have the right to informally discuss any personal grievance with any appropriate dean and to have the grievance adjusted without intervention by the Association provided that the adjustment is consistent with the terms of this Agreement.

VI C.

A Unit Member shall retain the right of self-representation in matters of grievance without intervention by the Association provided that all conditions of Article V on Grievance Procedures are met.

VI D.

It is mutually understood that the District shall not implement any proposed resolution reached with a Unit Member grievant until the Association has been provided a copy of the grievance and a copy of the proposed resolution and after which said Association has had five working days to file a written response. It is further mutually understood that the written response from the Association shall in no way intervene in the implementation of the proposed resolution if said resolution is consistent with the terms of this agreement and in conformance with applicable laws. Absence of a written response from the Association on any specific proposed resolution within the stipulated time period shall be construed to mean that the terms of Paragraph VI D have been waived by the Association but only to the extent to which the proposed resolution responds.

ARTICLE VII: SALARY REGULATIONS, COMPENSATION AND BENEFITS

The District proposes a one-time off schedule of 8.5% on the 2023-24 base salary to all faculty currently employed at the date of ratification for the 2023-24 academic year. This one-time payment will be paid 60 days after ratification.

VII A9.

"Transcript" is a documentary record of completed academic work certified by a notarized signature or institutional seal and received by mail in the Human Resources Department from an institution.

When school is closed due to factors which in the opinion of District are beyond its control and request for exemption is denied by the State, and the State requires that the day be made up, the scheduling of the "make-up" day will be coordinated with the bargaining unit and will be considered to be within the normal work year.

VII A12.

"Ten-Month Employee" refers to any Unit Member who is full-time instructional Unit Member for the established work year as defined above. VII A15

VII B. Initial Salary Placement

VII B1.

New hires and rehires may be placed on steps one (1) through five (5) based on experience directly related to the position being filled. In some circumstances step five (5) may be exceeded in the placement on the salary schedule if the District determines an extraordinary need or circumstances warrants the placement.

VII B2.

The Salary Advancement Committee shall consider and recommend to the Superintendent/President or designee:

VII B2a.

The amount of credit to be granted for formal education, or its equivalent, shall be used to determine initial level placement on the salary schedule.

VII B2b.

The amount of credit for teaching, counseling or librarian experience, or its equivalent, shall be used to determine the number of steps to be granted for initial placement on a salary step. In order to be granted a step the Unit Member must have served at least 75% of an academic year.

VII B2c.

"Equivalent Credit" may be considered by the Salary Advancement Committee for work experiences, competency based experiences, research and any post-graduate units earned, but not counted for the Master's Degree credential. The Unit Member must request in writing that

consideration be given to such areas. When requests for salary advancement are made for equivalent credit, the Committee may recommend such credit if both the Unit Member and the Committee have made reasonable efforts to obtain approval for units from an accredited institution of higher learning for the above stated areas, and neither have been successful. After the Superintendent/President approves the request for "equivalent credit" and makes a recommendation to the Trustees, they shall consider such exceptions and may establish a principle or guideline which can be applicable to similar requests without further attempts to obtain approval from an accredited institution of higher learning. Education extension credits shall be considered for purposes of salary placement provided they are from a Regionally Accredited institution and meet all the requirements of section VII B. Initial Salary Placement.

VII C. Salary Schedule Advancement After Initial Placement

VII C1.

Promotions

Promotions for Unit Members result after the completion of the appropriate number of additional units. In any one academic year a Unit Member can move both an experience step, and a level, if sufficient units have been completed.

Annual Step Movement

A Unit Member will receive an experience step in an academic year in which a promotional level step is earned through completing sufficient units as outlined in "Promotions" above.

Additional Compensation

Additional compensation for Unit Members shall be negotiated with the Association through the bargaining process. The District and the Faculty Association agree to negotiate the appropriate compensation for the additional duty assignment.

Credit for Salary Advancement after Initial Placement

There is no limit to the number of units a member can earn for the purpose of salary advancement during an academic or calendar year, provided the units taken have the prior approval of the Salary Advancement Committee. However, to enter the doctoral degree level, the unit member must have earned a doctoral degree. Also, to advance into or beyond the master's degree level, the unit member must have earned a master's degree.

Level and step advancement shall occur July 1 for a Unit Member employed during summer school months and beginning of fall semester, or prior to the fall semester, for others, provided due and proper notice is given to the Human Resources Department as indicated in the procedures of this Article. A Unit Member may advance up to two levels per fiscal year except:

VII C1a.

An earned Doctoral Degree shall place the Unit Member on the appropriate level.

VII C1b.

All approved units earned during any long-term professional development or other leave shall be added to any earned during other periods of the same fiscal year and to any accumulated, and the total shall be credited for the following annual pay period not to exceed a two-level (2) move in any one (1) fiscal year.

VII C1c.

All approved units earned during the period between the time a Unit Member is released from employment from the District due to program reduction and the time of rehire on a preferential recall basis as a full time Unit Member shall be used to place the Unit Member on the salary schedule at a rate not exceeding a two-level (2) advancement from the previously held position.

VII C2.

A Unit Member may have credited for salary schedule advancement one (1) step for each year of employment until reaching the last step in the level. A Unit Member who is hired after the beginning of the Fall semester of an academic year but has fulfilled at least seventy-five percent (75%) of a full year contract, based on either days or teaching load, shall be advanced to the next step as if a full year's service to the District has been fulfilled. Step advancement shall take place July 1 for a Unit Member employed on the salary schedule during summer months and at the beginning of each Fall semester for a Unit Member not employed during the summer.

VII C3.

Quarter units are converted to semester units by multiplying the quarter units by two-thirds ($2/3$). If this multiplication results in a number with a fraction of more than one-half ($1/2$), the number shall be rounded off to the next whole number when calculating units for level advancement.

VII C4.

The Salary Advancement Committee shall consider and recommend on the acceptability of and number of units proposed by individual Unit Members toward salary level advancement based on the following criteria:

VII C4a.

Only those classes that can be clearly demonstrated to directly enhance a unit member's teaching or assigned area shall be considered. No more than half of the twelve (12) semester units necessary to advance a level on the salary schedule may be at the lower division undergraduate level.

Education extension credits shall be considered for purposes of salary advancement provided they are from a Regionally Accredited institution and meet all the requirements of section VII C. Salary Schedule

Advancement After Initial Placement

VII C4b.

Units that would apply to an advanced degree in the Unit Members teaching or assigned teaching area.

VII C4c.

Units that would apply to an advanced degree not in the Unit Members teaching or assigned teaching area but which can be clearly demonstrated as being a direct enhancement to said area or areas.

VII C4d.

"Equivalent credit" may be considered by the Salary Advancement Committee as described in Section VII B2c of this Article.

VII C5.

All Unit Members shall observe the following procedures in order to be considered for salary level advancement:

VII C5a.

On or before June 1, a Unit Member must request advancement in writing and provide proof of eligibility to the Human Resources Department in order to advance on the salary schedule for the next fiscal year.

VII C5b.

If units earned during the upcoming summer session are to be used in qualifying for advancement, the Unit Member must indicate in writing to the Human Resources Department the institution to be attended, course title, number of semester units to be earned, and dates of attendance.

VII C5c.

Proof of successful completion of all summer work must be submitted no later than September 1. A grade slip or signed statement from the institution's instructor will be accepted in lieu of a transcript. However, transcripts must be submitted as soon as possible and, in any case, no later than November 1.

VII C5d.

A Unit Member will advance to the next higher level on July 1, if all work has been completed and verified by June 15. If units are completed subsequent to June 15, advancement will be made beginning Fall semester, provided that all of the above conditions have been met.

VII C5e.

A Unit Member may advance to the next higher level beginning of Spring semester if all work has been completed and verified by January 15 of that academic year.

VII C5f.

Proof of successful completion of all work subsequent to beginning of Fall semester must be submitted no later than January 15. A grade slip or signed statement from the institution's instructor will be accepted in lieu of a transcript. However, transcripts must be submitted as soon as possible and, in any case, no later than April 1.

VII C6.

The Human Resources Department shall provide each Unit Member by beginning of fall semester of each year, or as near as possible, his/her/their current level and step placement and salary. Upon written request, the Human Resources Department shall provide the Unit Member a statement of units on file within five (5) working days.

VII D. Course Approval

A Unit Member may seek approval after course work is completed without penalty. However, when requests are made by Unit Members to the Salary Advancement Committee for past approval, a unanimous vote by the members of that committee shall be necessary for credit to be granted.

VII E. Compensation

A unit member will be paid according to the Salary Schedule adopted by the Board of Trustees and agreed to by the Faculty Association. Compensation shall include: salary, step, statutory-fringe impact, health and welfare, and additional costs as related to this Agreement.

VII F. Fringe Benefits

The District shall make available to all eligible employees and their eligible dependents, health insurance, dental insurance, life insurance, and a vision plan. All of an employee's eligible dependents must be enrolled in the same health, dental, and vision plans and may not be enrolled as dependents by more than one District employee.

The District is transitioning all unit members from MetLife Dental DHMO and Anthem Dental PPO to Delta Dental PPO effective July 1, 2024. The District is transitioning all unit members from EyeMed to VSP effective July 1, 2024.

The District shall contribute on behalf of each full-time Unit Member the amount not that is shown in Appendix C annually toward the existing health, dental, life insurance, and vision plans. In the event the amount of the premiums exceeds the maximum District contribution for any participating Unit Member, the Unit Member shall pay the difference through payroll deduction.

VIIG.

Unit members who were NOT hired on the deferred pay program and have been classified as level pay unit members shall have the option of receiving their annual pay spread evenly over 10, 11, or 12 months.

ARTICLE VIII: HOURS OF EMPLOYMENT AND WORK LOAD

It is the philosophy of the District and the Association, as professional educators, to consider all factors involved in determining work load in such a way as to allow flexibility while tending to cause all workloads to be equitable. Factors to be considered by each Unit Member and the appropriate dean in establishing a "Standard Work Load" include number of hours taught or assigned, type of class taught, number of office hours, number of preparations, number of "extended day" assignments, the ratio of Weekly Student Contact Hours to Full Time Faculty Equivalent (WSCH/FTE), reduction of work load, extended campus assignment(s), district facilities management and other duties and responsibilities related to the Unit Members specific assignment. Each Unit Member shall extend professional responsibility to serve on committees, attend District meetings as defined in **VIIIB2b12**, attend instructional area meetings, support and promote the student activities program, participate in graduation ceremonies, and on non-teaching duty days assist with registration to the extent necessary and perform other related professional duties. In keeping with the preceding philosophy, the following general guidelines are herein established for the Unit Member and the appropriate dean to use in arriving at a "Standard Load." Should any Unit Member be unable to agree with the appropriate dean, Unit Member is free, without fear of any recrimination, to take the issue to the Superintendent/President and ultimately to the Board of Trustees.

VIII A. Days and Hours of Service

Full-time Unit Members shall be available for instructional assignments Monday through Friday of the academic calendar and shall be required to perform professional services in accordance with the following schedule:

Non-instructional unit members may be permitted but not guaranteed a 60% inclusive of desk time online workload of their approved submitted calendar. The online portion of workload is calculated weekly. For Counseling unit members, 40% on campus is limited to student contact hours. Status quo, however, we are willing to assign teaching and non-teaching overload to non-teaching faculty.

A \$2,500 stipend will be paid for every fully completed semester for each full-time Associate Degree Nursing faculty member. This stipend is in recognition of the varying obligations required by third party regulatory agencies of these full-time Associate Degree Nursing faculty members, such as but not limited to working weekends, nights, and lengthy clinical shifts.

In the event that a unit member goes on light duty due to illness, injury, or other extenuating circumstances, the \$2,500 stipend will be prorated on a daily basis commensurate with the length of time of said light duty.

Contract Length	Days of Service/Work Year Hours
Instructional Unit Members	176 days of service
Non-instructional Unit Members	1372 hours of service (See VII A11)

This shall include Instructional Improvement Activities Days as described in section VIII B.8. of this article.

VIII A1.

Non-instructional Unit Members shall coordinate their 1372 work year hours of service with their respective Deans, who will approve each proposed schedule in consultation with the Unit Member. Schedules will be developed to support student needs and instructional activities.

Librarian faculty will be permitted to complete their 1372 hours of work within a continuous eleven-month period, with the understanding that the librarians may be assigned to work either June or July in order to provide summer coverage.

VIII A1a.

Non-instructional faculty standard work week shall be a minimum of four (4) days a week to meet the 1372 hours (equivalent to 196 days) service requirement. The standard work week for counseling faculty shall include a minimum of thirty-five (35) hours a week. The 35-hour work week shall include a minimum of 28 hours of direct student contact and up to 7 hours of desk time, contact and desk time hours shall be adjusted in weeks the college is not open five (5) days. Direct student contact is defined as any counseling activity in which a counseling service is provided to a student or students including case load management student contact, workshops, individual or group counseling. Desk time is for the performance of duties which are but not limited to drop-in counseling; department meetings; participatory governance committee assignments; case load management support; and other departmental activities.

VIII A1b.

Counselor preferences for non-duty days shall be determined on a rotating basis initially established by seniority. Two-thirds of the number of full-time counselors at the Menifee campus and the San Jacinto campus shall be available and on duty at any time.

Counselors shall be given the opportunity to select up to twenty (20) consecutive non-duty days during the academic year. During the District's summer 4/10 schedule the days shall be compressed. Non-duty days are defined as days a counselor is not scheduled to work. Peak counseling months are determined by the district. Counselor preferences for non-duty days shall be determined on a rotating basis initially established by seniority. Two-thirds of the number of full-time counselors shall be on duty at any time. The rotation system at each campus shall start with the counselor with the greatest seniority (longest continued full-time tenure track employment in the District).

All non-duty days will be coordinated and approved by the area dean. Once the non-duty days have been selected, the next counselor may make their selection. In each subsequent year, the counselor who had first opportunity in the prior year to select non-duty days, will be placed at the bottom of the rotating list with the person immediately next allowed to select first in that year. The rotation system will be coordinated by the dean to ensure compliance with this provision.

VIII A2.

The academic calendar beginning and ending dates shall be bargained at the negotiating table annually by May 1st of each year. The calendar dates subject to negotiation will be the next succeeding 3rd year calendar providing the next two years have already been agreed upon. Otherwise any calendar dates within the next three year period that have not been agreed upon will be negotiated as well. Negotiations on the beginning and ending dates will proceed only after both the District and the Association have received input from the College Council.

VIII A3. Non-Teaching Hour

A non-teaching hour shall be equivalent to one (1) clock hour of assigned time during which non-classroom instructional responsibilities are discharged by a Unit Member.

VIII A4. Teaching Assignments

VIII A4a.

VIII A4d.

Extensive Preparation Laboratory Classes:

Faculty representatives from the senate and union will collaborate with administration to determine which labs qualify as an Extensive Preparation Laboratory which has a ratio of 1:1 with Lecture compensation and load.

VIIIA4D 1. In addition to requiring planning and substantially more preparation on the part of the instructor, the class also requires that the student learn basic discipline specific academic information and skills in order to be an effective participant in the class.

VIIIA4D 2. Typically such classes have as a primary function the teaching of new and additional concepts which are more than reinforcement of principles taught in the lecture component of the course. An extensive preparation laboratory class may be thought of as a stand-alone course, requiring extensive homework assignments and exams.

VIIIA4D 3. Criteria for determining an extensive preparation laboratory are as follows:

VIIIA4D3 a. The laboratory requires the active, continuing presence of the instructor with ongoing involvement in lecturing, demonstrating, or assisting the students.

VIIIA4D3 b. The laboratory requires extensive student preparation from text and lecture material prior to and after each laboratory session;

VIIIA4D3 c. The laboratory requires evaluation of student performance on a regular basis in the same manner as in a Lecture class;

VIIIA4D3 d. The laboratory is connected to an extensive classroom lecture program and is supplemented with assigned readings; and

VIIIA4D3 e. The laboratory requires that instructors are involved with professional development equivalent to that in lecture courses to maintain proficiency in the areas covered by the laboratory work.

VIII A5. Non-Teaching Assignments

A non-teaching assignment shall consist of non-teaching hours that do not relate to a specific teaching assignment.

VIII A6. Weekly Student Contact Hours (WSCH)

A Weekly Student Contact Hour shall be one hour of contact time per student enrolled in a class per week, per semester of a work year. The total number of

weekly student contact hours (WSCH) for the institution is determined by the summation, over each class, of the total number of students enrolled in an assigned class multiplied by the number of teaching contact hours per week, per semester of a work year.

VIII A7. Full Time Equivalent

Full-Time Equivalent (FTE) shall be the equivalent of one Unit Member who is assigned a Standard Work Load.

VIII A8. Weekly Student Contact Hours - to - Full Time Equivalent Ratio (WSCH/FTE)

Weekly Student Contact Hours - to - Full Time Equivalent Ratio shall be the value derived by calculating the WSCH per Standard Teaching Work Load of a Unit Member with a teaching assignment, at census. .

VIII A9. Standard Work Load

A standard work load shall be the entire assigned duties and responsibilities of a Unit Member whether teaching or non-teaching that represents a full work load.

VIII A13. Extra Assignment

A Unit Member may elect to accept a District offer for an extra assignment during an academic year (including intersessions) that involves providing to the District

an additional service which is no way construed to be an assignment within the standard workload of a Unit Member.

VIII A14. Split Location Assignment

A split location assignment is one which requires a unit member to perform his/her standard workload at two or more work sites within the same work day.

VIII A15. Reassigned Time

The curriculum committee shall be allocated 40% reassigned time each semester.

VIII.A16. Substitute Assignments

A Unit Member who is assigned temporary substitute duty of a short duration, which shall normally be up to three (3) days, shall be compensated at the highest associate faculty hourly lab rate. Temporary substitute assignments of a longer duration, which shall normally be greater than three (3) days, shall be compensated at the highest associate faculty lecture rate. A Unit Member may decline substitute assignments. All substitute arrangements require approval of the appropriate Dean of Instruction.

VIII B. Workweek and Duties

The standard work load as defined in this Article includes the scope of assigned teaching and non-teaching duties of a Unit Member, except wherein specifically established in this Article as not being a part of a Standard Work Load. Furthermore, nothing except in Paragraph VIII G (overload assignment) of this Article shall constrain a Unit Member from volunteering to perform additional service without compensation from the District. Full-time Unit Members shall be available for instructional assignments, district and department meetings, Unit (division) meetings, and for Shared Governance responsibilities five (5) days per week, Monday through Friday, although teaching assignments may be less than five (5) days per week. VIII B1c.

There shall be not less than twelve (12) consecutive hours of elapsed time between the end of the last assigned class on one day, and the beginning of the first assigned class on the following day.

VIII B1d.

A Unit Members assigned schedule shall be limited to no more than forty (40) percent of a standard teaching load per day, or no more than eight (8) non-teaching hours per work day.

VIII B1e.

In developing a Unit Members assignment schedule, the number of course preparations per semester shall be considered.

VIII B2. Standard Teaching Work Load Assignments

A standard teaching workload shall be equivalent to 15 lecture contact hours. The ratio of lecture to non-lecture contact hours shall be 15 lecture hours to 20 non-lecture hours.

The teaching load for a Unit Member shall be the contact lecture hours taught plus any non-lecture contact hours multiplied by 15/20. The ratio of lecture to activity contact hours shall be 15/18.

Extensive laboratory contact hours, taught by Unit Members, are assigned a Load and Compensation value of 1:1 Lecture/Laboratory per hour of extensive laboratory time scheduled as part of the Unit members 100% load or any additional approved overload.

The teaching load for a unit member teaching non-extensive laboratory classes shall be the contact lecture hours taught plus any non-lecture contact hours multiplied by 15/20.

VIII B2a.

If a Full-time (100%) Instructional Unit Members work load falls to less than full-time in an academic year; he/she/they must either accept an additional teaching assignment or a non-teaching assignment equivalent to the reduction in load during that same academic year. For example, if a unit members fall semester load is 12 semester units their minimum load for the next spring semester must equal 18 semester units, exclusive of overload, in order to equal 30 lecture equivalent hours. If a complete teaching load is not possible then an equivalent non-teaching assignment will be assigned. Such assignment will be by developed by consultation between the Unit Member and the area administrator.

Up to a maximum of fifty percent (50%) of a "standard load," as determined by the appropriate dean, shall be credited to the load assignment of said Unit Member unless the Unit Members job description states otherwise. Such credit shall be granted in the semester in which the activity is assigned unless it is not possible or practical to do so, in which case adjustments in load shall be made within the next semester.

Mutual agreement between the Unit Member and the District shall be indicated by the signing of a schedule reflecting tentative approval of the overload, extra assignments, summer school, and weekend assignment.

VIII G2.

Instructional overload assignments shall not exceed 67% of a standard work load except as mutually agreed to by the Association, Unit Member,

the Vice President of Instruction or designee, and approved by the Superintendent/President.

VIII G 2.3

The distribution of overload teaching assignments among unit members in the same discipline shall be equitable as reasonably practicable.

VIII G 2.4

For Fall 2014 and thereafter, the rate of compensation for overload/summer school assignment(s) shall be the highest Associate Faculty lecture and laboratory hourly rate.

VIII G5. Overload for Non-Teaching Unit Members

In addition to the provisions of VIII G1 through G4 above, overload for non-teaching unit member (1372 or 35 weekly hours of service) will commence with the approval of the appropriate Vice President or designee after the unit member has completed their weekly contracted hours of service as defined by the non-teaching unit member's approved calendar. Unit member will submit a separate calendar for all overload hours.

VIII H. SEMESTER LOAD BANKING

VIII H1.

Unit Members shall accumulate the equivalent of six classes or 1.2 FTE load taught in conformance with their individual contract in order to qualify for a semester off. Unit Members may not accumulate more than the equivalent of six classes or 1.2 FTE load taught in conformance with their original contract. Librarians and counselors shall bank credit utilizing a conversion factor of 35 hours to every 5 days. These units must be accumulated after the individual contract (load sheet and/or calendar) has been approved.

Unit Members must utilize banked load within two (2) years of accumulating the 1.2 FTE. If banked load is not used within two (2) years of accumulating the 1.2 FTE, the Unit Member will be paid the accumulated load at the current overload rate in place at the time the cash payment is made to the Unit Member.

Unit Members who acquired and banked load in excess of 1.2 FTE prior to December 31, 2009 shall not be subject to automatic payment of that accumulated load. Unit Members who acquire and bank load after January 1, 2010 shall be subject to automatic payment when banked load exceeds 1.2 FTE.

VIII H2.

The number of Unit Members participating in the load banking leave policy shall be at the sole discretion of the District.

(See Appendix D)

VIII H7.

Every effort shall be made to accommodate a Unit Members request to utilize a banked leave; however, it is recognized that a leave may be postponed under circumstances in which the absence of the Unit Member would jeopardize the educational program. Postponement of banked leave under this section by the administration shall extend the time, in semester increments, within which such leave must be taken by the same amount of time as the postponement period. For example, if the district postpones a leave because of the need for a Unit Member to teach a particular course and/or program, the two year limitation shall be extended by one semester. Additional postponements by the District shall increase the limitation in one semester increments. Each postponement shall be in writing and shall not be arbitrary or capricious.

VIII H8.

When two or more Unit Members from the same department or area apply to use banked leave and both /all cannot be accommodated, those Unit Members who have not previously taken banked leave shall have priority in order of seniority.

VIII H9.

Once a Unit Member has elected how an overload class shall be categorized, it cannot be changed in any way without mutual consent of both parties.

The Superintendent/President, upon consultation with the department chairperson and appropriate dean shall determine the class size maximum for the class size in dispute.

IX A2b4.

Major revisions in course format objectives that require change in existing class size maximums shall be taken through the same procedure as for a new course proposal.

IX A3. CLASS MAXIMUMS

Once class maximums have been established, the vice-president of student services, assisted by the vice-president of instruction shall devise an enrollment procedure which will insure, insofar as possible, that as of the beginning of the second week of instruction, enrollments shall not exceed class size maximums, except:

IX A3a.

Class size maximum may be exceeded by twenty (20) percent with the written consent of the Unit Member,

Such leave shall not exceed sixty (60) days during which the college is required to be in session or when the Unit Member would otherwise have been performing work for the District in any one (1) fiscal year for the same industrial accident.

XIII F3.

The District has the right to have the Unit Member examined by a physician designated by the District to assist in determining the length of time during which the Unit Member will be temporarily unable to perform assigned duties and the degree to which a disability is attributable to the injury involved.

XIII F4.

For any days of absence from duty as result of the same industrial accident, the Unit Member shall endorse to the District any wage loss benefit check from the District self-insured program for employees which would make the total compensation from both sources exceed one hundred (100) percent of the amount the Unit Member would have received as salary had there been no industrial accident or illness. If the Unit Member fails to endorse to the District any wage loss disability indemnity check received on account of the industrial accident or illness as provided above, the District shall deduct from the Unit Members salary warrant the amount of such disability indemnity actually paid to and retained by the Unit Member.

XIII G. Judicial Leave

XI G1.

A Unit Member shall be provided judicial leave for appearance other than that as a litigant or for reasons not brought about through the connivance or misconduct of the employee.

XI G2.

The Unit Member, while serving jury duty, will receive full pay and any amount received as jury duty pay shall be given to the District.

XIII H. Leave Without Pay

When an absence or leave does not fall within the definition of any other leave provision, it shall be considered a request for leave without pay.

XIII I. Health Leave

XI III.

The District shall grant a Unit Member, upon request, an unpaid leave for health reasons for two (2) semesters in addition to any other sick leave provided for in this article subject to the following conditions:

XI IIIa.

A written statement by the Unit Members physician, or a District appointed physician at the District's option, to the effect that the Unit Member is entitled to such a leave shall be furnished by the Unit Member at the District's request.

XI IIIb.

A Unit Member is temporarily unable to perform services because of illness, accident, or quarantine when other illness or accident benefits have been used.

XI IIIc.

A Unit Member must have tenure in order to be eligible for such leave.

XI IIId.

The District may require a physician's statement, or a District appointed physician at the District's option, stating that the Unit Member is capable of returning to service before the District grants permission for the Unit Member to return to work.

J. Catastrophic Leave

The District shall offer a catastrophic leave program for Unit Members. The District shall have the authority and responsibility to adopt the rules, regulations and guidelines necessary to implement the program in conformance with AB2007.

ARTICLE XIV: PROFESSIONAL DEVELOPMENT LEAVES

XIV A. Definition

"Professional Development Leave" shall be any leave granted which leads to the improvement of the professional skills of the Unit Member as those skills relate to his/her assigned area of service or to the improvement of the professional standards of the institution. Such leaves may be of short term or long term duration as defined in the provisions of this Article.

XIV B. Short Term Professional Development Leave

XIV B1.

Short term professional development leaves shall include, but not be limited to, approved attendance at conferences, workshops, experimental or research projects, retreats, seminars and travel to on-site locations, clinics, in-service training programs, competency based programs, short courses, and short work experiences.

XIV B2.

The Salary Advancement Committee shall be responsible for establishing a policy to assess needs, determine budgetary flexibility and administer such a program. The committee shall be comprised equally of instructors and district management representatives.

XIV B3.

The District shall consider the recommendations of the committee responsible for implementing Paragraph XII B2 when establishing the level of appropriations for financing the short term Professional Development Leave Program.

XIV C. Long Term Professional Development Leave with Remuneration, (hereinafter called a "sabbatical" leave)

XIV C1.

A sabbatical leave with remuneration shall be granted to a Unit Member according to the following terms and conditions.

XIV C1a.

The purpose of a sabbatical leave must be to permit study, travel, utilization of fellowships or scholarships, work experience and preparation of educational or instructional materials, that in the determination of the District will benefit the school and students. The District has the authority to determine whether a requested sabbatical leave fulfills this purpose.

Unit Members who are granted sabbatical leave for the purpose of acquiring work experience must report their earnings each month. The amount to be paid by the District plus the amount earned through paid employment shall not exceed the total amount of what the individual's salary would have been had that person been teaching full-time, including cost of retirement contributions and fringe benefits. If earnings from employment do exceed these combined costs, the District shall reduce its payments accordingly.

XIV C1b. Eligibility

XIV C1b 1.

In order for a Unit Member to be eligible to accumulate years toward a sabbatical leave with remuneration, the Unit Member must be a full time contract faculty (Article X).

XIV C1b 2.

In order to be eligible for a first sabbatical leave a Unit Member must have rendered at least seven (7) years of fulltime service immediately preceding the beginning of the leave. In addition, all other terms and conditions contained in this article must have been met.

The minimum interval between any subsequent sabbatical leave shall be in accordance with the provisions of Education Code section 87768, presently at least (6) years of fulltime service immediately preceding the beginning of the subsequent sabbatical

leave. This minimum interval required by law between sabbatical leaves may not be shortened for any reason.

XIV C1c.

The compensation schedule for a Unit Member on sabbatical shall be determined on the basis of the following:

XIV C1c 1.

In order to be eligible for a paid sabbatical leave, in addition to all other conditions, a Unit Member must have at least seven (7) years of fulltime service, exclusive of summer employment, that has not been applied to a prior sabbatical leave.

Sabbatical leaves shall be compensated at the following rate of compensation:

7 years	50%
8 years	66.667%
9 years	83.333%
10 years	100%

XIV C1c 2.

The rate of compensation for a Unit Member who is granted a sabbatical leave shall be the percentage of this monthly salary existing during the time of the leave, prorated for the duration of said sabbatical leave.

XIV C1c 3.

In the event a Unit Member who has more than 10 years of service when granted a sabbatical leave, the rate of compensation cannot exceed full compensation (100% of the Unit Member's salary for one semester). However, any fulltime service earned beyond that necessary to receive full compensation may be applied to future sabbatical leaves solely for compensation purposes.

XIV C1d.

XIV C1d 1.

The number of sabbaticals per year shall not exceed 10% of the full time Unit Members, rounded down.

XIV C1d 2.

The standard shall be a one (1) semester sabbatical leave. However, if the advantages for a year's sabbatical leave can be established to be sufficiently compelling to the Association and the District; and qualified substitution for the instruction can be arranged; and there are no undue disadvantages for other Unit Members as determined by the Association; and there is no other disruption in the delivery of instructional services as determined by the District, a Unit Member may apply for a sabbatical leave of one year at one-half (1/2) of the salary which would have been received for a one (1) semester sabbatical.

XIV C1d 3.

The District shall annually appropriate funds to finance the programs outlined in Article XIV C, Long Term Professional Development Leave With Remuneration, and Article XIV E, Retraining Leaves With Remuneration.

XIV C1d 4.

The criteria and priority for granting sabbaticals shall be determined by the Association, and with the concurrence of the District, will be administered by the Salary Advancement Committee.

Said criteria must include dissemination of some sort that is mutually agreed upon by the District, the Salary Advancement Committee, and the Unit Member. Dissemination may include but is not limited to one of the following: submission of any work created during or as a result of the sabbatical (e.g. a textbook or published work); presentation of sabbatical findings as a

professional development activity; sharing of sabbatical findings at a unit or division meeting during the following semester or academic year.

XIV C1d 5.

Any Unit Member who has been recommended by the Salary Advancement Committee shall be granted a sabbatical if he/she/they meet all the conditions of this article and the approved policy established pursuant to Paragraph XIV C and provided that qualified substitutes, as determined by the district, are available.

XIV C1d 6.

Where the number of requests exceeds the limit allowed per semester, the Salary Advancement Committee shall determine which Unit Members shall receive leave based on the policy established by the Association as indicated in paragraph XIV1d5 above.

XIV C1d 7.

The Unit Member must file application for sabbatical leave to the Human Resources Department no later than February 1, for either semester of the following school year, or no later than October 15 for the Spring Semester (if slots remain available at that time). Applications submitted prior to the deadline date will not be given priority. The Salary Advancement Committee will determine eligibility and shall establish a reasonable time period in which to work with a Unit Member who has applied for a sabbatical but whose proposed program(s) do/does not meet sabbatical standards.

All sabbatical applications will be reviewed at once by the District and the Salary Advancement Committee with decisions disseminated on or before March 1 for spring submissions and November 15 for those submitted in the fall.

XIV C1d 8.

Sabbatical leaves granted under this agreement will not be affected by successive agreements.

XIV C1d 9.

Absence due to sabbatical leave shall count as a regular period of service and shall not interrupt a Unit Members progress on the salary schedule.

XIV C1d 10.

A Unit Member granted a sabbatical leave shall be entitled to all current District fringe benefits, plus retirement contributions on the amount of salary actually received by the Unit Member.

XIV C1d 11.

Upon return from a sabbatical leave with remuneration, the Unit Member shall be required to render service to the District twice the length of time granted to the Unit Member for the leave unless the District agrees otherwise.

XIV C1d 12.

Compensation shall be paid the Unit Member on leave in the same manner as if the employee were teaching in the District. The Unit Member must sign an affidavit before receiving such compensation agreeing to return to service in the District for the required length of time following his return from the leave (unless otherwise provided for), or to return that portion of compensation for the leave for which service was not rendered.

XIV D. Long Term Professional Development Leave Without Remuneration

The District may grant a Unit Member an unpaid leave of absence of up to one (1) year for professional development which shall include, but not be limited to, additional schooling and/or training, participation in faculty exchange programs, involvement in research efforts and acceptance of assignments to other higher education institutions, agencies, corporations, foundations, or government.

XIV D1.

Procedures and criteria for applying for and awarding such leaves shall be developed and applied by the Salary Advancement Committee and recommended to the Superintendent/President.

XIV D2.

A Unit Member on unpaid long-term professional development leave shall not retain salary and fringe benefit rights while on leave, nor shall the accumulated time on leave be considered towards salary advancement.

XIV D3.

At the expiration of unpaid long-term professional development leave, the Unit Member shall be reinstated, unless Unit Member otherwise agrees, in the position and salary level/step which was held at the time of granting the leave.

XIV E. Retraining Leaves With Remuneration

It shall be the philosophy of the District to initiate retraining program(s) to provide opportunities for Unit Members to learn new teaching skills in accordance with current needs of the District, or anticipated needs of the District, in an effort to maintain continued employment within the District for all Unit Members. It is also hoped that should the need for such retraining programs be necessary, that the Unit Members and District will work together cooperatively to ensure that such needs are met with the least inconvenience and duress to all parties concerned. As such, the following guidelines are established with the intention of review and evaluation in the event that such reassignments become necessary.

XIV E1.

Any Unit Member subject to reassignment not of the Unit Members initiated request shall have the right to be heard by association representatives, and to be represented during discussions with the District regarding such reassignments.

XIV E2.

The District shall inform any Unit Member in writing, as far in advance as possible, of the need for the Unit Member to receive retraining in order to maintain future employment. Included in the information will be an indication that no full-time position for which he/she/they are qualified and competent exists or is projected to exist according to the Mt. San Jacinto College Education Plan.

XIV E3.

Any Unit Member informed by the District of the need to be reassigned to a position for which he/she/they is not fully qualified shall be eligible for a "retraining leave," either full-time or with a reduced load at pro rata pay as worked out with the Instructional Services Committee, or other appropriate committee.

XIV E4.

The District and Unit Member shall jointly, in writing, inform the appropriate vice president of the Unit Members desire for a "retraining leave." If the application meets the same deadlines as for sabbatical leave, the Unit Member shall be considered on identical criteria as for sabbatical leave except:

XIV E4a.

Minimum eligibility is at five (5) years, with salary beginning at 5/10 for the fifth, sixth, and seventh year.

XIV E4b.

Any "retraining leave" request shall have the priority over a sabbatical leave. Should the District not inform the committee by the deadline, it shall provide the Unit Member employment without decrease in salary or benefits until the next slot is available, or increase the budget allotment proportionately to allow for the additional leave. A retraining leave shall in no way affect a Unit Members eligibility for sabbatical leave.

XIV E5.

Seniority shall not be the only factor used by the District for determining reassignments.

ARTICLE XV: REDUCTION IN FORCE

XV A.

At least sixty (60) days before the District mails out any notice recommending the possible non-renewal of any Unit Members contract because of program reduction in area(s) in which the Unit Member is qualified to render services, the District shall meet and confer with the Association with respect to the nature and impact on the Unit Member(s) of such anticipated layoffs.

XV B.

The District shall provide each Unit Member with the opportunity to expand the number and kinds of services which Unit Member(s) may be qualified and competent to render in order to prevent Unit Members layoff due to program reduction in the area for which Unit Member is qualified to render services.

XV C.

Any Unit Member who has been laid off shall retain statutory preferential recall rights for thirty-nine (39) months unless Unit Member otherwise agrees in writing. The District shall mail to such Unit Member at his/her last updated address a list of existing and anticipated vacancies for academic personnel. The District shall not fill any such vacancy until:

XV C1.

Notice of such vacancy or anticipated vacancy has been mailed to each Unit Member who enjoys recall rights, and

XV C2.

Such Unit Member has been given a reasonable opportunity to apply for such vacancy or anticipated vacancy.

XV D.

The District shall provide the Association copies of all written recommendations and notices of anticipated layoff(s) at the same time that such materials are mailed to the affected Unit Members. The Human Resources Department shall also provide the Association with a list of existing and anticipated academic vacancies and also with a list of the Unit Members who continue to enjoy statutory preferential recall rights.

XV E.

If rehired by the District while still under preferential recall rights, a Unit Member shall return to the same position on the salary schedule as previous to the layoff, shall regain all other benefits, and shall be permitted to apply all eligible units earned during his/her/their layoff to salary advancement provided any salary advance shall not exceed the limit elsewhere specified.

ARTICLE XVI: PERSONNEL RECORD CONTENTS AND INSPECTION

XVI A.

Materials in personnel records on a Unit Member which may serve as a basis for affecting the status of employment are to be made available for the inspection of the person involved.

XVI B.

Such material is not to include ratings, reports, or records which were obtained prior to the employment of the person involved; were prepared by identifiable examination committee members; or, were obtained in connection with a promotional examination.

XVI C.

Every Unit Member shall have the right to inspect such materials upon request, provided that the request is made at a time when such person is not actually required to render services to the District, and provided that a Human Resources staff member is available and present during the inspection.

XVI D.

Information of a derogatory nature, except material mentioned in Paragraph XVI B, shall not be entered, or filed unless and until the Unit Member is given notice and an opportunity to review and comment thereon. A Unit Member shall have the right to enter, and have attached to any such derogatory statement, his/her/their own comments thereon. Such review shall take place during normal business hours, and the Unit Member shall be released from duty for this purpose without salary reduction.

XVI E.

In the event of a grievance in which a Unit Member is being represented by the Association, the Association representative shall be permitted access to the Unit Members file, under the above restrictions, with the Unit Member's written approval.

XVI F.

Records of allegations which have been found to be false shall be removed from the Unit Members personnel file and destroyed whenever the law allows.

XVII B3b.

At the conclusion of the third year of service or earlier, the Unit Member shall retire and receive District paid health benefits at the rate established for his/her/their first year of retirement for a period of ten years following his/her retirement in accordance with the same cost conditions and qualifications governing the full retirement proposal.

XVII C. Golden Handshake-Retirement Incentive

ARTICLE XVIII: TRANSFERS AND REASSIGNMENTS

XVIII A. Transfer and Reassignments Due to Vacancy or New Position

XVIII A1.

Faculty positions shall be posted internally and tenure-track and tenured Unit Members interested in the position shall notify the Human Resources Department in writing by the established due date. Temporary Unit Members are not eligible for transfer and reassignments due to vacancy or new position. The District maintains right of assignment per Article II.

XVIII A2.

The transfer/reassignment shall be based on the following criteria:

XVIII A2a.

Unit Members with split load assignments have priority over other Unit Members in transfers and reassignments.

XVIII A2b.

The Unit Member meets minimum qualifications for the specific vacancy as specified in job posting.

XVIII A2c.

Recency of acquired knowledge and/or demonstrated competence based on evaluations and/or recommendations in the subject field or position.

XVIII A2d.

Ability to perform all required tasks of the specific vacancy as specified by the job description.

XVIII A2e.

If all other criteria are equal, then the Unit Member with the most seniority in the District will be transferred.

XVIII A2f.

Transfers from one discipline to another are subject to approval of the District.

XVIII A3.

If a request for transfer is denied by the District, the Unit Member may request an explanation. The District shall provide a written response to the Unit Member when requested.

XVIII A4.

If no current Unit Member applies for the position, or if qualified members are deemed inappropriate, then the position shall be advertised externally.

XVIII B. One Semester Transfer to a Second Campus to Correct a Load Deficiency

XVIII B1.

The intent of the District is to have all full-time faculty assigned to one campus.

XVIII B2.

When a full-time Unit Member has a load deficiency because of low enrollment or cancellation of a class, the first option is to make up the deficiency on the home campus. If the deficiency cannot be made up on the home campus, the District has the right to transfer the Unit Member to another campus to make up the deficiency. If the deficiency is not made up during the semester in which it occurs, then this procedure will be followed during the next semester.

XVIII B3.

This is a one semester transfer unless mutually agreed to by the District and the Unit Member. Before the transfer is made, the District will schedule a meeting with the Unit Member transferred and provide an explanation for the transfer.

XVIII C. Assignments Resulting in a Split Load Between Work Sites

XVIII C1.

The intent of the District is to assign all full-time faculty to one campus. In the event this is not possible, all split assignments are considered temporary. When it is mutually agreed that a split assignment would be beneficial to the Department and/or the District, then the unit member will be granted reimbursement of \$500 per academic year or \$250 per academic semester to compensate for additional time, responsibility and/or expertise. Unit members with a split load shall also receive mileage reimbursement.

XVIII C2.

If it is decided that a vacancy at a second campus will result in a split assignment for a Unit Member who currently has a full load on one campus, then the following procedure shall be followed:

XVIII C2a.

Post the position and request volunteers to fill the assignment.

XVIII C2b.

If there are no volunteers and more than one Unit Member is qualified and competent, then the member with the least seniority shall be transferred.

At the end of the school year, the District will evaluate the continued need for the split assignment. If a compelling need exists, then the split assignment may continue for another year.

XVIII C2c.

The Unit Member transferred under this condition shall receive a one-time bonus of \$750 each semester.

XVIII C3.

A Unit Member will have no more than 49% of his/her assignment on the second campus.

XVIII C4.

Split assignments shall never be used in an arbitrary, capricious or punitive manner. Split assignments are only to be used in situations where there is a demonstrated need.

ARTICLE XIX: SAVINGS

XIX A.

If, during the life of this agreement, there exists any applicable law, regulation or order issued by any external governmental authority having jurisdiction, which shall render invalid or restrain compliance with or enforcement of any provision of this agreement, such provision shall be immediately suspended, but only to the extent required by the law, rule, regulation, or order. Such invalidation of a part of this agreement shall not invalidate any remaining parts of this agreement.

XIX B.

In the event of suspension or invalidation by an external authority of any Article or section of this agreement, the parties may, by mutual consent, meet and negotiate within ten (10) days after such determination or firsthand knowledge of such determination for the purpose of arriving at a mutually satisfactory replacement for such Article or section.

XIXC.

Any action by a legislative body to renumber, or reorganize sections of codes, laws, policies, or regulations cited in this agreement shall be reflected in this agreement without further negotiation.

ARTICLE XX: EFFECT OF AGREEMENT

It is understood and agreed that the specific provisions contained in this agreement shall prevail over District practices and procedures and over state laws to the extent permitted by state law, and that in the absence of specific provisions in this agreement, such practices and procedures are discretionary with the District.

ARTICLE XXI: MISCELLANEOUS

XXI A.

A contract maintenance committee composed of District and Association representatives shall be established at the request of either party as needed to continually oversee, maintain and evaluate the terms of this agreement.

XXI B.

References herein made to committees or other such groups, except for the District and Association, may change from time to time, and as such, no additional changes need to be made in this agreement when the purpose or function of newly formed committees or groups are similar in scope to those herein referred.

XXI C.

A Department Chair Pilot Program Committee consisting of two administrators, one unit member selected by the Academic Senate, and one unit member selected by the Faculty Association shall meet and develop a proposal for the Department Chair Pilot Program by January 30, 2016, intended to be implemented by July 1, 2016.

The Department Chair Pilot Program shall be in effect for two academic years (July 1, 2016 – June 30, 2018). The Committee shall also develop an evaluation process for determining the effectiveness of the program.

ARTICLE XXII: MILEAGE

The District shall pay the current IRS mileage rate to unit members for any District authorized travel to a location other than the unit members' assigned site. Unit members shall make every effort to submit mileage claims to the District, on the appropriate District form, within thirty calendar days. The District shall submit the mileage payments to the county within 30 days of submission.

ARTICLE XXIII: TERM

Effective upon ratification and approval by both parties, this Agreement shall cover the 2023-2026 academic years, and shall terminate June 30, 2026. For 2024-25 and 2025-26 the parties agree to reopen Article VII and up to two additional articles selected by the District and up to two additional articles selected by the Association.

Negotiations for the 2023-24 academic year are closed.

Full-Time Faculty Self Evaluation

Purpose: This reflection is intended to foster a conversation and to facilitate discussion among colleagues that reflects on how we can individually and collectively work to improve student outcomes for historically under-represented groups and disproportionately impacted populations. The reflection should be used to help advance individual professional development and institutional dialogue on change.

What have you done to improve your understanding of anti-racism, equity, equity-mindedness, and/or equity as it relates to your field and MSJC? This might include, but is not limited to the following:

- curriculum review related to anti-racism, decolonization, and equity
- participation in anti-racism and equity related workshops/institutes,
- review of professional materials and best practices for equity in your field and/or
- review of your student success data

How have you used and/or how will you use these understandings to improve your practice and/or help close opportunity gaps?

What additional trainings and resources, whether offered by MSJC or others, would be helpful in continuing your development of equity-minded and anti-racist practices?
